

September 2020

If you are looking for resources or a workshop to complement the teaching of Geoscience and Mining in Saskatchewan, please check out the resources below.

### WORKSHOPS

The Saskatchewan Mining Association presents **free** workshops. Workshops will showcase lessons and resources that the Saskatchewan Mining Association (SMA) has developed to complement the Saskatchewan Science Curriculum. From minerals and rock cycles to mining cycles and bicycles, learn about mineral resources, how they are extracted and used in daily life. These workshops provide teachers with the classroom resources, enhanced knowledge and increased confidence to teach about Saskatchewan's mineral resources.

For more information about these workshops please contact Education Outreach at [education@saskmining.ca](mailto:education@saskmining.ca)

### "Rock'n the Classroom" GEOVENTURE PROGRAM:

It's not too early to start planning for summer, right? Consider joining 21 other educators interested in learning about mining operations in Saskatchewan and their links to the curriculum. For more information and to read the blogs from previous years go to: <http://saskmining.ca/Mines-in-Saskatchewan/GeoVenture>

### SASKATCHEWAN "EXPLORE FOR MORE" CAREER PROFILES

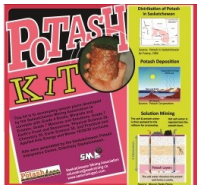

Over 45 cards profiling careers in the Saskatchewan mining industry are available to view on line at: <http://saskmining.ca/Mines-in-Saskatchewan/EFM-Career%20Profiles>

### LESSON PLANS AND RESOURCES

Check out the free, curriculum-correlated lesson plans on the website <http://saskmining.ca/Mines-in-Saskatchewan/Lesson-Plans>

### POTASH KIT

Would you like a potash kit for the 2020-2021 school year? In April a request for the number of kits will be sent out to the school division Science Consultants. If you would like a kit please let your Science Consultant know. The kits accompany the potash lesson plans available to download from the website. During the school year the kits are available through workshops. If you would like to organize a workshop or would like more information, please contact Education Outreach at : [education@saskmining.ca](mailto:education@saskmining.ca).

For more information about our resources or to organize a workshop please contact us at: [education@saskmining.ca](mailto:education@saskmining.ca)
